Mr. G. O. Ahead,

Anywhere, U.S.A.

## FAC-SIMILE LETTERS

the nearest approach to real type-written letters it is possible to produce. They have all the appearance and all the persuasive pulling power of a personally written and personally signed communication.

You have but to write one letter and we do the rest, even to the last detail of mailing, if desired.

Yours very truly,

FAC-SIMILE LETTER CO.

Mgr.

(Over, See Price List.)

Our advice based on experience, is this: Make up your list of prospective customers carefully and then go after them with a rapid-fire campaign, reaching them at intervals with a bright, snappy, readable common-sense letter, each time presenting a new and convincing argument why you should have the business. It is hard to see how any one is going to get away from that kind of

Dear Sir:-

No modern substitute has the "pulling" power of the personal letter. It is the most potent factor in the procuring of profit producing patrons known to the commercial world to-day. They get the business.

We reproduce them in exact imitation of type-writer or pen, address, fold, enclose and mail them at a very small cost. This is a sample of our work. Your orders solicited. Write us.

Yours very truly,

## Mutti's Hotel

ABITA SPRINGS, LA.

(St. Tammany Parish)

### OPEN THE YEAR AROUND

The hotel is located on a beautiful site in the center of the celebrated Ozone Belt of St. Tammany Parish, fifty-six miles from New Orleans on the East Louisiana Railroad, and five minutes' walk from the station.

The hotel has recently been renovated, enlarged and refurnished and is fully equipped to accommodate summer and winter guests with good rooms, a fine cuisine, hot and cold baths, steam heat, sanitary closets, and with gas and electricity throughout house and grounds.

The grounds comprise 130 acres on which there are cottages for families, two delightful springs and a sulphur well, which insures to guests hot and cold sulphur water baths.

For the amusement of the guests the hotel is equipped with outdoor sports, billiard and pool tables, a large dancing pavilion and a reception hall.

There are several fine springs in the locality, all noted for their health giving properties. These waters are for the healing of kidney trouble (uric acid, Bright's disease, etc.), liver trouble, dyspepsia, chronic diarrhoea, catarrh, constipation, nervous and general debilities.

The climate being mild and free from dampness, is highly recommended by the best physicians, for the relief of lung trouble.

How to get to Abita Springs: There are two trains daily from New Orleans over the N. O. & N. E. & E. L. R. R. (crossing Lake Pontchartrain, a distance of 6½ miles ride over the water). Special trains to and from Abita and New Orleans during Mardi Gras are made up for the convenience of the public.

We give the analysis made by Prof. A. L. Metz, of the Tulane University, of New Orleans, of this Spring as follows:

An ounce put up in an elegant perfume drop bottle

This is the smallest bottle of liniment and lasts the longest time of any remedy of the kind offered to the public. *It is better for the relief of pain than morphine or any internal drug. It contains no chloroform, which is generally found in other such medicines, to drug you by inhaling the vapor.*

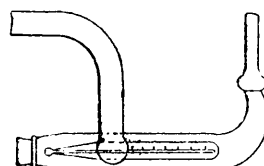

It is penetrating relief liniment, the smallest, the most lasting and the best of all pain remedies. One ounce or two tablespoonfuls is sufficient to relieve One Hundred patients' sufferings. From time immemorial mankind has sought relief from pain. This is not only an anodyne to stop pain but is an antiseptic healing remedy, which is absorbed and eliminated by the kidneys, hence a sovereign **REMEDY FOR BACKACHE.** Doctors may send for a free sample and a large or small perpetual calendar, both of which last a long time. # The Keeley Institute

## DWIGHT, ILLINOIS

THE PARENT HOUSE OF THE KEELEY INSTITUTE SYSTEM

ESTABLISHED 1880

FOR THE TREATMENT OF ALCOHOLIC INEBRIETY, OPIUM AND ALL OTHER  
DRUG ADDICTIONS, THE TOBACCO HABIT AND NEURASTHENIA.

By the Keeley system functional inebriety is ALWAYS cured and the appetite entirely removed; this is accomplished by elimination and the toning up of the nervous system. There is no nausea or other sickness, but the general health improves from the time the treatment begins. Entire freedom is accorded and there are no annoying or vexatious restraints.

No claim is made that the organic changes of chronic alcoholism will be remedied. By removing the craving or necessity, however, and proper elimination, the improvement in the general health enables nature in time to repair the damage. The history of the treatment of chronic alcoholics by the Keeley system always shows marked improvement of collateral ailments and often complete restoration.

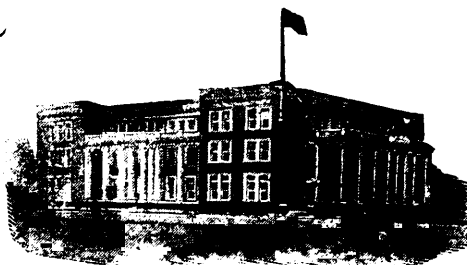

Every patient receives a thorough clinical examination, and the treatment is adapted in all cases to the peculiar needs of each.

Comprehensive literature free upon application and all correspondence strictly confidential.
